

Celebrating Marriage

A Christian marriage is one of the most significant events in the journey of two people. Marriage vows made in the context of the Christian family celebrate your relationship and mark the beginning of a committed life together.

Our understanding is that God has drawn you together and you are open to God's leading and guiding in your lives. We count it a privilege to be part of this time in your life and to participate in the hopes and dreams you have for the day and the future.
